

HISTORY

History Topic Overview

This history topic will develop our understanding of WW2, countries that played a part in the war and how it all began.

Hi Year 4,
Welcome back historians!

In History this week (lesson 6), we are going to pull together all that we have learnt about World War 2 by creating a colourful mind map to organise our thoughts.

Ms Paintsil and Miss Edwards

Lesson 6

Magical mind- map

Look back at the lessons and organise your thoughts as a mind map.
Could you add one branch that we did not have a lesson on e.g. the Holocaust. What do you know about this? Read through the **#Lesson Presentation The Holocaust.ppt** with a family member and discuss your thoughts.

Task:

Create a mind map like the example below. Think about what the branches could be e.g. start of war, the Blitz, women, evacuation, the Holocaust, VE day and any other learning about World War 2.
